Dog Licenses Now Available

The 1978 dog licenses are available now. If you are going south for the winter, etc., this will allow you to purchase a license before you leave.

The price is \$3.00 for males or unspayed dogs, \$5.00 for females. After March 1st these prices will double.

To purchase a license it is necessary to have a valid Rabies vaccination certificate for the dog. Licenses are available from the County Treasurer, Joe Wakely, or the Animal Control Officer, Doug Waltham.

Anyone Wish An A.B.W.A. Scholarship?

Those running out for applications for the A.B.W.A. scholarship for the semester beginning in January. If you are a high school senior of Crawford County and plan to attend a community college, vocational or business school in the north, west or the Lower Peninsula, this could be of some financial assistance to you. But you have to apply to be eligible. The deadline is November 10th.

To obtain an application or form for application, call Helen Johnson, Education Chairman, at 348-6811 or 348-9719. Stop at the A.B.W.A. office weekdays at 603 Elm St. evenings or weekends.

The recipient must not be a first semester student. Those who are not previously may not apply to be eligible.

Road Show at Shopenagon's Friday, Nov. 4

The Grayling Regional Chamber of Commerce is working with the Michigan State Chamber of Commerce in presenting the State Chamber's "Road Show" a large presentation of some of the issues of great importance to the business people.

The program, which runs from 10 a.m. to 5 p.m., will show how to use the status of a business person.

Free Testing For Diabetes Nov. 9 thru 11

Free testing for diabetes will be available at Mercy Hospital, Grayling, Nov. 9, through Friday, Nov. 11, from 10:00 to 4:00 p.m. The testing is offered at the request of the American Diabetes Association, Michigan Chapter, 404-A and of the local medical community.

Diabetes is the third leading cause of death in the United States. It is the leading cause of new blindness and a major cause of heart attack and stroke.

Diabetes is a chronic disease. It is a condition in which the body does not use sugar properly. It is a disease that can be controlled but not cured. It is a disease that can be prevented by a healthy diet and exercise.

Council Election Tuesday, Nov. 8

Voters in the City of Grayling will go to the polls on Tuesday, November 8th, to select two councilmen out of a field of six. Candidates will be running at large, and not by precinct.

Of the candidates, two will be seeking reelection: Gordon "Sandy" Thompson will be seeking reelection, while Horace Failing will be appointed this July to fill the vacancy created by the resignation of David Hanson, is also a candidate.

Joining the above two for the two openings on the council are Lawrence L. Akers, William A. Denton, Junior E. Palmer and Arthur R. Boyer.

The two elected will join, Derek McEvers, Robert Golenick and Helen Johnson, and will take office on November 14th at which time the mayor and

major portion will be decided among the five.

Polls at the City Hall will be open from 7:00 a.m. until 8:00 p.m.

Following are the candidates seeking the two openings:

Gordon "Sandy" Thompson has been a city of Grayling resident for most of his fifty years of age. He has a Real Estate and Insurance Sales License and is employed by both General Real Estate and General Insurance Agency. He has been a city of Grayling resident for the past 4 years and is a member of the Crawford County, Michigan Chamber of Commerce. He also is the owner of Sandy's Value Homes, the area dealer for Western homes.

Thompson does not have any

specific platform nor any axes to grind but he does feel that his past experience will be of help in the future on the council, if elected, and that he does know right from wrong which is what he has practiced in the past and will continue to practice.

He does take exception to his opponents statements that #1, the present council is a "Rubber Stamp" council with never any "no" votes, #2 that there is no communications with the people and #3, that the council should do their own city ordinance revisions. His answers to these statements are as follows:

#1. A City Council person cannot, should not be judged by the amount of "no" or "yes" votes he or she may have cast.

#2. I think the present com-

munications are great and getting better all the time, and a good example was the removal of the parking meters downtown.

#3. City Ordinances are for the council to decide but not for them to "write" in legal terminology. We certainly cannot be expected to design and build a water tower.

Horace L. Failing resides at 401 Coonew St., where he has lived for over 25 years. He is retired from the U.S. Geological Survey. He and his wife, Anne, have two grown children, James and Lorraine. In July of this year, he was appointed to the City Council to fill the vacancy created by the resignation of David (Skip) Hanson, who moved from the city.

When asked why he is a candidate for the office, Mr. Failing stated that since he is now retired, he has plenty of time to devote to the duties of the office and would like to continue to be a member of the Council.

Lawrence L. Akers of 203 State St. is 26 years old and single. He is a lifelong resident of Grayling, served on the City Police Force for 4 1/2 years, on the Crawford County Sheriff Dept. Auxiliary for 3 years and received the Michigan Law Enforcement Blockade Committee Citation. He has been an active Little League coach for the past three years and is a founding member of Big Brothers of Grayling.

Larry said that to become a member of the City Council is a goal that he set for himself while in high school. He feels that city government is one area where people can actually see how government works. He studied government heavily at Kirtland Community College, including state and local government, and would like to serve the community.

He said, "If elected I hope to put an end to the 'rubber stamp' form of council we have known by asking questions and inquiring deeper into many proposals presented to the council."

William A. Denton of 700 Michigan Ave. is a five year resident of Grayling. He is formerly from Marquette, Michigan, graduating from Marquette High School in 1956. He is the owner of (Gamblers) Ace Hardware.

He stated that his reason for running "is that I have a general interest in the City of Grayling".

Bill and his wife, Donna, are the parents of three daughters, age 14, 10 and 5.

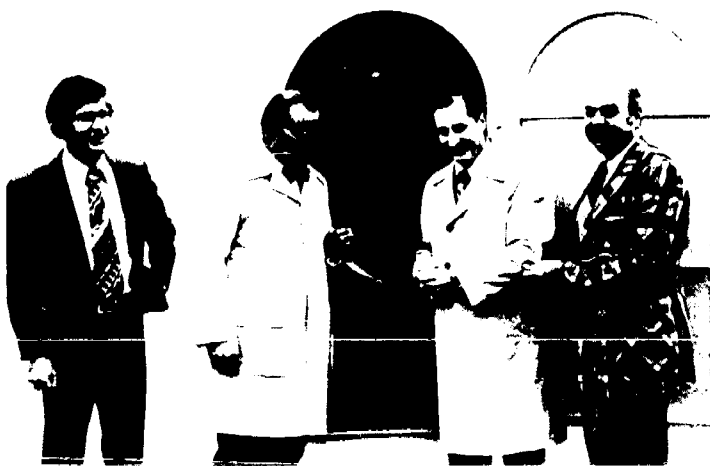

Junior E. Palmer is 53 years old. He is a lifetime resident of Grayling, graduated from Grayling High School in 1942. He served in the U.S. Air Force for three years from 1943-1946. He is a Past Master of the Grayling Masonic Lodge, and is self-employed in the plumbing and heating service. He and his wife, Betty, are the parents of six children, all of whom are residents of Grayling and Crawford County.

Mr. Palmer said, "I believe the Crawford County stands is not separate from the needs and requests of the citizens of the community. It is to help improve the quality of life between the people and the community in a better and more input from the citizens of the County."

Arthur Thayer has a Bachelor's degree in Political Science from the University of Michigan. He is currently a graduate student at the University of Michigan. He has been a resident of Grayling for the past 10 years. He is a member of the Crawford County Chamber of Commerce and is currently serving as the adult representative to the adult education program.

He is a member of the Navy Sea Scouts and has remained in the Navy Reserve. He was a member of the U.S. Marine Corps from 1964 to 1968. He is a member of the Crawford County Chamber of Commerce and is currently serving as the adult representative to the adult education program.

He believes that the present council is not responsive to the people, mostly because some members have been there too long. Membership on the council should be changed through the election process every election to get fresh ideas. It is the council's job to govern the city but any question that brings the people's use of their private property should be submitted to the people for approval.

DEDICATION was held last Thursday of the recently completed city water works improvement program at the new 300,000 gallon water tower located in the Industrial Park. Performing the ribbon cutting at the base of the tower were, from left, Senator Robert Davis, James Collison - Economic Development Association Representative for Michigan from Lansing, Mayor Derek McEvers, and William Bonkowski - President of the Grayling Regional Chamber of Commerce. Other dignitaries from out of town who attended the dedication along with local citizens included, Norton Berman, Director, Office of Economic Expansion, John P. Kavanagh, Chief, Industry Division, OEE, Wayne Workman, Chief, Community Economic Development Division, and Roger R. Rehberg, Administrative Coordinator, Northeast Michigan Economic Development Association, Inc.

Commission Unveils '78 County Budget at Public Hearing

by Joe Schrader

The 1978 County Budget was unveiled last Friday evening at a Public Hearing held by the Board of Commissioners. The budget was presented by the County Board of Finance Chairman, Bill Akers. The budget for 1978 is \$1,447,544, a decrease of \$200,000 from the current year. The budget is based on projected revenues of \$1,447,544.

The 1978 budget has been set at \$1,447,544, a decrease of \$200,000 from the current year. The budget is based on projected revenues of \$1,447,544.

The budget is based on projected revenues of \$1,447,544. The budget is based on projected revenues of \$1,447,544.

Some criticism was aimed at the Board for not having the budget available for public scrutiny in advance.

Perhaps one of the most-discussed items was the financing of the Crawford County Public Transit System (Dial-A-Ride). The State funds the system until January 1st, after which time the County must provide the financing. The Commissioners have set aside a little over \$25,000 to fund the system, however, the operation will be reduced from seven to five days per week. The Commissioners are considering the possibility of a rate of 43 cents to continue the service as opposed to a reduced bus schedule. At the rate of 43 cents per week schedule will be maintained until at least the end of next year.

Finance Chairman Lowe concluded by saying the budget is adequate to provide the services required in the County. It's the County's mandate by any means. He said that businesses are expected to live with the necessary adjustments may or may not be made following a mid-year review.

Chamber Fete Features "Tourism" Theme

by Joe Schrader

Good Public Relations is the key to success in Tourism, was the theme highlighted during the 20th Annual Chamber of Commerce Banquet held last Wednesday evening at Grayling's Holiday Inn.

Over 180 Chamber members, friends, guests and well wishers gathered together for a fun filled evening of dining and entertainment and heard guest speaker, Barry McGuire, Executive Director for the Michigan Association of Counties, proclaim that "Grayling has all the necessary ingredients to be successful in tourism."

Following dinner, Chamber Manager Walt Nowak got the program rolling by introducing newly elected President, Bill Bonkowski, who presented certificates of appreciation to outgoing Board Members, Doane Nimke and Ralph Saunders.

Bob Fraser was introduced as 1st Vice President, John Nagor, 2nd Vice President, and Paul Leto, Secretary-Treasurer. Other members include Dennis Orsich, Dick Lattimer, Robert Cole, Lt. Col. Mike McNamara, Nelson Miles, Marian Joseph, Doug Wilson, and Bill Kelly.

A special award was presented to Immediate Past President

Property Tax Meeting Nov. 3rd by Willard Bosserman, County Extension Director. Dr. Alvin House, Extension Specialist in public policy, Michigan State University, will be in Grayling Thursday, November 3 to talk about property taxes. He will be in the choir room of the Grayling High School starting at 7:00 p.m.

Dr. House will discuss property assessment, how it is done, equalization, appeals and the school finance formula. Anyone interested in learning more about how the property tax system works is cordially invited to meet with Dr. House.

residents. Walt Nowak reviewed the activities of the Chamber during the past year and pointed out that this year's Red Coat Roundup, an annual event, is just around the corner.

"Develop and cultivate the right Public Relations attitude," emphasized speaker, McGuire, after his introduction, "always put your best foot forward." He pointed out that success in attracting tourists is based in large part by community support for the Chamber of Commerce.

Grayling has all the basics required for success and achievement," he said, "you have everything needed to attract tourists to your community, when they come, treat them graciously so they will go away as Ambassadors of Good Will for the Grayling area." He closed with the message, "Grayling residents must work hard

Simulated Disaster Held Here

By Rod Denley

Eleven students were killed and 36 were injured last Friday in Grayling when a school bus plunged into two vehicles which had just collided moments earlier. One vehicle involved carried a radioactive substance which was not damaged in the crash, a fact which greatly kept the death toll from going even higher.

All the victims were treated for their injuries at Grayling Mercy Hospital. When released they joined their dead friends and returned to the Crawford County High School. The students had been the actors in a simulated disaster the Crawford County Chamber of Commerce had staged to test the ability of local police, fire, ambulance, and hospital to handle such a disaster.

And their response to the disaster, according to Howard Taylor, Director of the Emergency Preparedness was, "Excellent. The way everyone handled the crisis in this emergency was very good. The whole thing went very smoothly. The fire department and the ambulance were very efficient. The hospital was very good. The police were very good. The whole thing went very smoothly."

The disaster began about 12:30 when the bus and the car were on the road. The bus was carrying a radioactive substance. The car was carrying a radioactive substance. The bus and the car collided. Vikes all the way back to the 38
where Petoskey took over. The
ball changed hands a couple
times and the game moved into
the 2nd quarter before Petoskey
added to its advantage. The
score came on a 40-yard pass
play from QB Bob Johns to Sulo
Otto who gathered the ball in
and the Northmen raced to a
25-0 lead at halftime.
After a snappy performance
by the Vike Marching Band, the
second half got underway with
Grayling receiving. They moved
into Petoskey territory but the
drive was stalled and a short, 18
yard punt gave the Northmen
the ball on their own 28. Ten
plays and 72 yards later,
Petoskey was in the Vike end
zone again, this time on a 4 yard
dash by fullback Mike Duda.
The extra point was good and
Petoskey led, 32-0.

No further scoring took place
until 1:02 was left in the game
when Grayling was able to avert
a shutout. QB Rocky Tobin
engineered a 55 yard scoring
drive which ended with a Viking
TD when halfback Tim Bitter in the
endzone from 5 yards out.
Bitter added the point after and
the contest ended, 32-7.
Petoskey on top.

Despite the loss, it was
Grayling's best offensive effort
of the year. They ranked up 220
total yards, 111 on the ground
and 109 through the air. Tobin
hit on 8 of 20 pass attempts,
connecting with Cliff Wheeler
twice for 41 yards and hitting
Chris Austin three times for 36
yards. Shortt Haley picked up
94 yards on 20 carries for a 4.7
average, his best effort of the
season. Defensively, Bill O'Mara
led the team with 10 tackles.
Tobin had 9. Mark Golinick
added 6, while Mark Kinko had 5
along with Joe Weiland who
performed well coming in off
the bench.

In Thursday's JV encounter at
Petoskey, the young, rapidly
improving Vikes lost a toughie
to the Northmen, 22-8. The
score is not really indicative of
Grayling's performance, since
they led 8-0 with only 10:53
remaining in the contest. The
Vikes grabbed an 8-0 lead in the
2nd quarter when QB John
Juntilla threw a 6 yard scoring
pass to Fred Bigler, who then
ran over a 2-point conversion on
a fake kick. That was the score
into the 4th quarter as the
Grayling defense, led by Dennis
O'Mara, John Peterson, Frank
Blaauw, Matt Mahoney and Tim
Jones, played inspired, aggressive
football. Freshman Mike
Bendig was also impressive at
linebacker in his first start.
Twice the Vike defense held
Petoskey inside the Grayling 10
yard line and O'Mara, Blaauw
and Peterson recovered Petoskey
fumbles. Petoskey tied the
score after a disputed fumble
recovery on the Vike one yard
line. The Northmen broke the
deadlock when they recovered
an errant center snap by Gray-
ling drop in Vike territory, then
scored. That made the score
14-8. The Northmen later added
a cincher when a Vike pass was
intercepted and returned for a
TD.

John Juntilla had 12 comple-
tions in 25 attempts for 115
yards, five of which to John
Peterson for 41 yards. Bigler ran
13 times for 105 yards, his third
straight 100 yard per game
effort. Coach Mene was un-
happy with the loss but pleased
with the efforts and improve-
ment shown by the players. The
JV take at Boyne City here at

Hob-Goblins have boggled our mind tonight to the point that all we can think of is all those spookie things that come out of the pot the old witch stirs up ...

Such as —

What really would have happened if our voters had turned down the last school millage request?

What really would have happened if some talent scout had seen the Rotary Club's Minstrel Show, and invited them to perform on a legitimate stage? Mercy.

What really would have happened if those egg throwing children Sunday night had replaced the eggs with rocks?

What really would happen if all our elected officials resigned, and left us with no-one to bitch at? But then, they may take along the bureau chiefs, which wouldn't be all that bad.

What really would happen if we decided we had bored our readers enough for one week, and called it quits for this corner ... which would end all the spooks for Halloween 1977?

Not so —

For our few diligent readers we wish to pass on the fact we spent the weekend in Traverse City visiting T.J. and her little sister, Stef, to celebrate "our" birthday — and for a few of our smart aleck friends — no, we did not go as a pumpkin.

↑ ↑ ↑

At the present there is not very much happening in our hamlet that needs our expert advice or except possibly the Council election coming up next Tuesday.

Our only recommendation to the residents of the city is to exercise your rights ... vote!

See how easy it is to fill a column with nothing ...

↑ ↑ ↑

We swiped the following from the Montreal Star ... BING CROSBY summed up much of what was best in the American character: success without ostentation, wealth without snobbery, celebrity without self-importance.

The relaxed singing style, the yachting cap on the back of the head and the golf clubs all summed up the character of a man who enjoyed the good things without ever appearing driven by the lust for success.

Astonishingly, in these days of the manufactured image, the character Crosby displayed on the screen and in public was, in fact, the real man. By all accounts he really was almost all of the time, an attractive, relaxed and decent human being.

Missionary To Speak Here

Warren Jackson who has been a United Methodist Missionary in Zaire will speak at the regular 8:30 and 11:00 o'clock services at the Michelson Memorial United Methodist Church, November 6th.

Mr. Jackson, his wife and family have served several years as lay Missionaries to Zaire. Primarily working in the field of agriculture. The Jacksons were forced to leave Zaire during the recent turmoil which ultimately took the life of another Michigan Missionary, Dr. Glen Eschtruth. The Michelson Memorial Church has been supporting the Jacksons in their ministry for a number of years.

The community is invited to either the 8:30 or 11:00 o'clock service when Mr. Jackson will share with this congregation.

"We're so happy you're married, we'll give you up to 50% off on your auto insurance."

"If you're 23 to 25 and married, we've got a wedding gift for you ... our best preferred rate on your auto insurance."

"We'll place you with Auto-Owners Insurance, which means you'll get a good rate plus one of the fastest, fairest claims services in the business."

"Come in and see us for all your insurance needs. The three of us can be very happy together."

Auto-Owners Insurance

The Bible Speaks

From Calvary Baptist Church

Horsemen From Hell Rev. 9:13-21

The sixth trumpet judgment or second war results in the death of 1/3 of the unsaved people upon the earth. Rev. 9:15. This 1/3 added to the 1/4 of the people killed in the fourth seal of Rev. 6:7,8 and we will have 1/2 of the world population destroyed by two major judgments alone. This does not take into account the millions who will die in famine and plagues of bacterial diseases which shall sweep the earth.

The four commanding officers who shall lead this terrible nightmare of horror are fallen angels who have been bound in the earth at the Euphrates River, verse 14. These fallen angels have been waiting for the exact year, month, day and hour when God will permit them to fulfill their bloody carnage, verse 15. They will lead an army of horsemen from Hell numbering 200 million.

This cavalry from Hell will be riding horses with heads like lions, which will kill men with fire, smoke, and brimstone spewing forth out of their mouths like dragons, verse 17,18. The tails of these terrible creatures shall be snake-like with snake heads on the ends which will bite people, verse 19. Perhaps you are wondering how a loving God who gave His only begotten Son to die on a cross for sin, could prophesy such terrible destruction upon millions of people someday upon this earth. The answer is found in the verses which follow the above account.

"And the rest of the men which were not killed by these plagues, yet repented not of the works of their hands, that they should not worship devils, and idols of gold, and silver, and brass, and stone, and of wood, which neither can see, nor hear, nor walk. Neither repented they of their murders, nor of their fornications, nor of their thefts." Rev. 9:20,21.

It is hard for us to fully understand the stubborn will of unrepentant men. God sent His only begotten Son to die on the cross in man's place, for man's sin. After rejecting God's love for almost 2,000 years, men would rather be tortured to death and spend eternity in Hell than to simply accept God's Son as God and Savior.

There are hundreds of people in Grayling right now who have heard the word and seen all of their sins, but are not now willing to risk 7 years of physical torture and eternal torment in a lake of fire, rather than to simply trust Jesus Christ to take control of their hearts and lives, verse 20.

She is survived by three sons, Arthur and Richard, both of Grayling, and Leonard of Gaylord; also, a sister, Essie Taylor of Gaylord.

Notice

Services for Persons
Unable to Pay Therefor

Mercy Hospital, 1100 Michigan Avenue, Grayling, Michigan 49738 has certified that in the current fiscal period from July 1, 1977 to June 30, 1978 it will not exclude any person from admission on the grounds that such person is unable to pay for needed services, and that it will make available to each person so admitted services provided by the facility without charge or at a charge which does not exceed such person's ability to pay therefor.

The services set out above meet the presumptive compliance guidelines of the Federal regulations.

Copies of the criteria used for identifying persons unable to pay for services may be obtained from Michigan Department of Public Health.

Records and documents on the basis of which the above decision was established are available for public inspection at 3423 North Logan Street, Lansing, Michigan between the hours of 9:00 a.m. and 5:00 p.m. on regular business days. -3-

From the Prosecutor's Office

by Kent & Davis

THE LITTER PROBLEM

According to the Crawford County Youth Services Director Bob Smock, the 1977 summer season produced in excess of 9,200 trash bags of litter from Crawford County roads and streams. The cost of the clean-up program exceeded \$80,000.00.

The sad truth of the matter is that there's probably as much trash and litter on our public thoroughfares and waterways now as there was before the last clean-up campaign.

Crawford County has a litter problem which is out of control. Part of the problem can be attributed to the fact that a lot of tourists and vacationers flock to our County every weekend of the year, particularly in the summer. Part of the problem can be attributed to our own residents. The whole mess can be laid at the feet of careless, lazy, indolent people who won't make the effort to get to a trash receptacle.

Littering is a crime. People who litter are criminals and should be prosecuted. This office stands ready to do its part.

It is not often that as Prosecutors we go out looking for business. In this case we are making an exception and we request the support of the citizens of this County.

All of last summer the Prosecutor's office only received three or four littering complaints. That is a ridiculously low number of complaints when Youth Services was able to fill up 9,200 trash bags.

Litter costs all of us as taxpayers too much money that would be better spent elsewhere. Litter makes our otherwise beautiful County look terrible. Litter fouls and detracts from our scenic waterways and public places.

State law provides a \$400.00 fine and/or a 90 day jail sentence for littering. It is time to put that law to work. If you see someone littering, jot down their license plate or boat registration number and get a general description of the person. Make a note of the date and time the offense is committed, then contact the Sheriff's Department, the City Police or the Prosecutor's office.

The time has come to commence a County wide war on littering - let's all join in the effort.

Next Week - This Year's Track Record To Date

LEGAL GEM (from the Guinness Book of Records) - Most Successful Complainer, Ralph Cahrell, a New York network television executive, claims to have been successful in collection for every misadventure that has damaged him. His total receipts in settlement for such complaints as poor telephone and car rental service, gas and electric overcharges, failure to deliver on time, imperfect goods, improper installation, landlord disputes and the like have come to \$75,591.22 as of July 24, 1973 - and he is still complaining!

At the request of local police officials and to correct an incomplete statement in last week's article, we wish to indicate that a police official may make an arrest for a misdemeanor committed in his presence or upon having probable cause to believe that a felony was committed prior to review by the Prosecuting Attorney. However, a review by the Prosecutor is essential before a warrant is issued.

Removing Rings

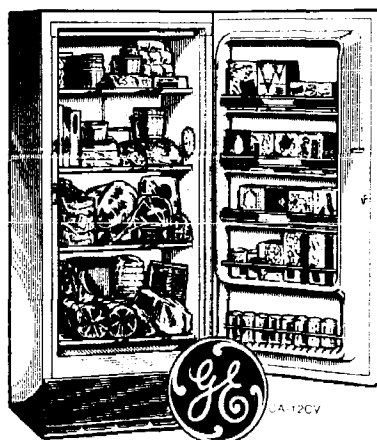

Wet or hot dishes or glasses leave white rings on tables. To remove those, make a thin paste of salad oil and salt in equal proportions. Rub it on the spot with your fingers. Let it stand an hour or two, then rub off. The rings should vanish.

What Is Save-Share?

Save-Share is exactly what it says ... you save while shopping at Glen's Market and we share a percentage of all authorized purchases with eligible charitable and non-profit organizations. Authorized purchases include everything but tobacco products, beer, wine and liquor.

To become eligible to share in this program your organization need only to contact the manager of your local Glen's Market and fill out an application form he'll provide. Groups now participating in Glen's Save-Share include civic, religious and fraternal organizations to mention a few.

Find out how Glen's Save-Share program really works ... see Denny Freeman at the Grayling store.

Petitions

Appointed judges, death penalty, bullfighting enliven politics

Richard Milliman

There must be an election year coming up by the looks of all the petition drives going on and about. At least, that's the case in Michigan these days.

One petition drive with a lot of merit, in my opinion, would change the Michigan Constitution to make the judges of our two highest state courts appointive rather than elective. It's about time, too.

Gov. Milliken signed the first petition in the drive designed to remove the Michigan Court of Appeals and the Michigan Supreme Court out of the partisan political arena. Of course, appointment won't get politics out of the judge-selection process, but it will put a lot more sense into it.

"Our system of nominating Supreme Court justices at party conventions and then requiring them to run on non-partisan ballot is the strangest procedure for filling Supreme Court seats in the country," Milliken said.

Strange, indeed. Although the results haven't been too bad, all in all, over the history of the system, the device is out-and-out hypocrisy. Appointment, with public scrutiny required after a period of time on whether the judge can continue, is much to be preferred.

The appellate court is just as bad, in my view. In this case, the system is different. Judges run from judicial districts, with both nomination and election on a straight non-partisan basis. But in the appellate races, name recognition is everything.

As a test of good citizenship, for example, ask the next person you might see which appellate court district he/she lives in, and then ask which appeals court judges "represent" him/her on the state bench. I'll bet more than 90 percent of the interviewees would flunk this little civics test.

Although better than the Supreme Court election system, the appeals court system is bad, too. If we get the chance to change it, we should.

There will be several other state-

wide questions floating around Michigan for the next year, too. To go before the voters by the petition system requires about 265,000 signatures. It's a time-consuming and expensive project, too; the group boosting the court election change, for example, plans to spend about \$70,000 in its efforts.

A couple of others to bear watching include the drive consistently pushed by State Rep. Kirby Holmes of Utica, and a few others, to establish the death penalty in Michigan for certain crimes, and yet another attempt to transfer school financing from the local property tax to the statewide personal income tax. In this latter proposal, a system of "vouchers" which could be interpreted as a boost for parochial or private education is involved, too, assuring the idea of a maximum of emotion.

Election years in Michigan are fascinating and fun-filled, and 1978 will be no exception. Be assured at least part of the fun will be instigated by various referendum questions.

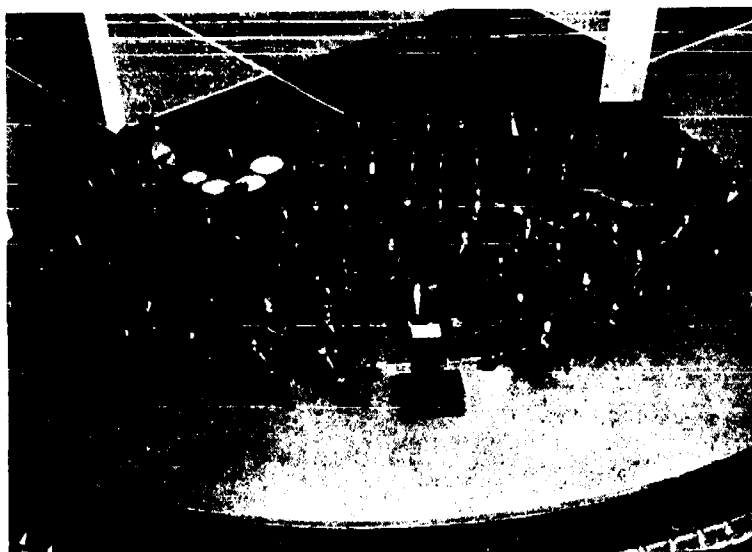

While we're talking about substance, chalk up another opponent of the proposal to legalize bullfighting in Michigan. Several promoters have found the legislative front men to introduce such a bill in the Michigan legislature: the end purpose is to run bullfights at the Pontiac Silverdome.

"Bullfighting could do for Michigan what gambling did for Nevada," said one of the promoters. "This could bring in more money than football."

Nobody argues that Michigan needs income, but bullfighting isn't the way.

To close this effort on a bit more optimistic note, there's good news that Michigan's unemployment rate in Sept. dropped to 6 percent, which is the lowest level in nearly six years.

That's good news, but even so, there were almost 250,000 persons drawing unemployment benefits, which is way too many...but better than 300,000.

FREDERIC HOBBY CLUB

The Hobby Club met at the Sportmen's Hall Monday, Oct. 10th with 12 members present. Marna Nowberry was hostess. This was a social evening. Also, final plans were made for the Halloween Party for the children, to be held Oct. 27th. Peggy Partello won the door prize. The next meeting will be held Oct. 24th.

The Hobby Club met at the Frederic Town Hall Monday, Oct. 24th with 15 members present and 2 guests. This was a business meeting. Betty Wargo was the hostess for this meeting. Everyone really enjoyed the excellent luncheon she served. Our thanks to her for making it an extra special meeting. Debbie Weaver won the door prize. Our next meeting will be held Nov. 7th with Uppy Graham as hostess.

The Frederic Hobby Club gave a party for the Frederic children on Oct. 27th, which was a success and enjoyed very much by the children. They were served hot dogs, cider and donuts. This was followed by games for the children. Three prizes were awarded to 3 children in Halloween costumes. Tanya Weaver won first prize in a Crayola Red costume. Marilyn Bowden in a Raggedy Ann costume won 2nd prize. Jamie Kaiser in a ghost costume won 3rd prize.

There were around 65 or more children who came to the party. Our thanks to all the club members who helped make this party a nice one for the children.

Tickets are now on sale at three Roscommon locations for a family concert Sunday, Nov. 6 at Kirtland Community College.

The Midland Symphony Orchestra will perform in concert with a program of familiar classics beginning at 4 p.m.

Roscommon ticket locations are: The Metronome, Roscommon Hardware & Gifts and Roscommon 5c to \$1 Store. At Higgins Lake, tickets are being sold at the Roscommon State Bank and Clip N Curl Beauty Salon.

The concert is sponsored by the Roscommon Chamber Music Society Arts Council.

Tickets are \$3.50 for adults and \$2 for students, and are available from any council member, also.

Traveling Group Presents Play

By JoAnn Kesteloot

On October 17, the Performing Arts Repertory Theatre, or P.A.R.T., presented the play "Jim Thorpe-All American" to the students of Grayling High School. P.A.R.T. is located in New York, New York.

There were seven men in the cast. A stage manager and a public relations man travel with the cast.

Groups from P.A.R.T. travel all over the United States performing their plays. The groups are usually on tour three to five months a year, while doing two shows a day, five days a week.

The men in the cast have to put on their own makeup and sometimes have to assist in the taping down of props.

"Jim Thorpe-All American" is about a young Indian who has to live in a white man's world. Jim Thorpe, portrayed by John Canary, refused to live by the white man's laws.

Spirits of six great Indian chiefs watched Jim Thorpe struggle against the white man.

The chiefs were Tecumseh, portrayed by David Froman; Blackhawk, portrayed by Stephen Guntle; Cochise, portrayed by James Meehan; Kicking Bird, portrayed by Thom Bray; Crazy Horse, portrayed by Christopher Scharis and Seattle, who was portrayed by Richard Fay. These men also took on the roles of various whitemen throughout the play. (Photos by JoAnn Kesteloot)

Auction Day at Kirtland

Like a five-family garage sale, Kirtland Community College will be the sight of a district wide auction of surplus and/or obsolete equipment from the college and the counties and other local agencies.

Included will be typewriters, other office equipment, vehicles (including a working fire engine), and many, many other items too numerous to mention. Watch the Avalanche for a complete listing and come to Kirtland's campus on Friday, November 11th to place your bid on the many items to be auctioned. All sales are cash or check drawn on an in-district bank.

Silver Tops

The Silver Tops Senior Citizens will meet at Ausagra Acres, Tuesday, November 8th at 6:30 for a Pot Luck. Everyone is welcome - member or guest - everyone over 55.

Secretary, Ruby Reetz

Road Show

[Continued from page 1]

of three issues: Workman's Compensation, Unemployment Compensation and Product Liability. As always, the State Chamber's representative will stand ready to deal with other subjects as well.

The most vital aspect of the entire program is to stimulate concrete, aggressive political action on the part of business people. To that end, the presentation will be followed by an introduction of methods whereby political organization can be achieved.

To be plain about it, we hope to do more with the "Road Show" than merely round-out a breakfast, lunch or dinner program. Education and information is great, but it must be accompanied by action if business is to take the initiative in its battle to survive.

The "Road Show" will be held at the Snoopenagon's Motor Hotel, Grayling, on Friday, November 4th, at 1:00 p.m. Lunch will be available for those who would want to come a little earlier and then take part in the program at 1:00 p.m. All business people and other interested parties are welcome to attend. There is no charge for the program, sponsored by the Grayling Regional Chamber of Commerce Special Events Committee.

Diabetes

[Continued from page 1]

of diabetes are excessive thirst, frequent urination, constant hunger, loss of weight, itching, tingling, blurring vision, and slow healing of cuts and scratches. The disease, however, can be present without symptoms. Since early detection and treatment can, in the diabetic, prevent serious complications, everyone is encouraged to take advantage of the free blood test. The test takes only a few minutes, and will be done by a professional laboratory technician using a sophisticated modern instrument and reliable technique.

Detection testing is limited to those over 16 years old who have not previously been diagnosed as having diabetes. To assure an accurate test, a big meal which is heavy in starches and sugars should be eaten approximately two hours before the test. For example, would be fruit or juice, cereal with milk and sugar, buttered toast with jam and coffee or tea. If you are planning to take the test after lunch, you should have a bowl of soup, a sandwich, cake or pie for dessert and a glass of milk. The meal should be eaten within a 15-minute time period and nothing else, except water, should be drunk or eaten before the test.

The American Diabetes Association, Michigan Affiliate has been actively involved in detection since 1949. The 1976 Detection Week program tested 34,790 people and identified 645 new diabetics. The generosity and concern of hospitals throughout Michigan has enabled the Association to expand its detection program to include 65 counties in the state.

Sanctuary Re-consecrated at M.M. Church

A glorious day was celebrated by the congregation of the Michelson Memorial United Methodist Church of Grayling, when they re-consecrated their Sanctuary which was destroyed by fire five months ago.

The re-consecration service was held Sunday, October 16th at 3 p.m. The Rev. R. C. Puffer, Pastor Emeritus, read the scripture, shared a few comments with the congregation and had the Pastoral Prayer. Guest speaker for the service was the Rev. Royal J. Synwolt, Area Assistant to the Bishop. The title of his message was "Shaping Our Future." The Rev. George E. Spencer, Pastor of the church, lead the service.

The Senior Choir presented two anthems, "If It Keeps Gettin' Better," by Wm. J. Gailther, and "Let Mount Zion Rejoice," by J. B. Herbert, which was sung originally at the consecration service 50 years ago following rebuilding of the church after a fire, and sung again at the consecration of the Educational Wing in 1959.

There was an Open House tour of the facilities after the service, and refreshments were served.

The cost of reconstruction was \$68,000. \$41,000 came from the Insurance Company, which basically covered the fire damage to the Sanctuary. \$27,000 was raised within the congregation for additional remodeling which included the raising of the Sanctuary floor to make it level with the East wing and new pews in the East wing which makes for a more complete worship experience in the sanctuary. While in the midst of reconstruction the congregation added a new roof, made the lectern and pulpit portable and installed new carpeting throughout the sanctuary. A new entrance is in the process of being built and a choir loft will be installed in the near future. During the reconstruction period the Youth Room was relocated and they now have a room which is carpeted and has a built-in fireplace.

The reconstruction of the Sanctuary and the remodeling program has provided the congregation with a very beautiful and serviceable church building.

Engagement

The engagement and approaching marriage of Barbara Lyn McKee and Jonathan F. Schultz is announced by their parents, Mr. and Mrs. Wayne Lyon of Kingsley, and Mr. and Mrs. Edward Schultz of Grayling.

The bride-to-be is a 1974 graduate of Kingsley High School. An English major, she received a B.A. degree from Cedarville College, Cedarville, Ohio in 1977. She is currently attending Central Michigan University as a graduate student.

After his 1972 graduation from Grayling High School, the future groom attended Kirtland Community College, receiving an Associate of Arts degree in 1975. A math major, he received a B.S. degree from Central Michigan University in 1976. He is currently employed as a teacher in Grayling Christian School.

A December 23 wedding is planned.

Dear Whitey:
I hope the bereaved family members are partially relieved now that a few weeks separate them from their great personal tragedy. These untimely deaths are shocking, especially when they touch those in our age group. We hope that little T.J. will adjust to the trauma as well as the immediate members.

No doubt you are deluged with material to read, absorb, or print. However, I wish to share a local editorial with you. I'm sure you will find it a good example of "Self interest rightly understood." Incidentally, the ad provided a scholarly report on his recent observations of China. Should you be interested Whitey, I will obtain a reprint for your readers.

Now that the short-wave radio spectrum is returning to normal, I desire to establish amateur wireless communications with residents of Grayling or vicinity. Since returning to California in 1973, I have contacted Ed Fife and have attempted unsuccessfully to contact Albert Rhoads. I welcome the opportunity to meet others in your community with the capability. My station is equipped for the 160, 75, 40, and 15 meter bands. Should anyone be interested in contacting me, I will accept collect calls telephonically after 9 p.m. (EST) to facilitate contact coordination. (Area code 714 427-4914).

Time to sign off for now Whitey, see you "from our Corner."

Sincerely yours, David A. Olson

Metric Madness

Seeing how little it's done for the British pound, it makes one wonder how successful the metric system is going to be.

THRUSH

He trusts you... trusts you both!

He trusts the decisions you are making... decisions that will largely determine the horizons of his life... the spiritual horizons as well as those social and material.

A right decision, with the help of the Church can awaken and develop his trust in God.

And it could well be... it's happened often before —

The growth of his trust in God may excitingly enlarge and expand your own spiritual horizons.

ENJOY HAYRIDE—On Thursday, October 20th, the Grayling Co-operative Nursery School enjoyed a fun-filled day by going on a hayride at Camp AuSable. They toured the Camp on the hay wagon, then fed the animals and each child had a ride on one of the horses. At the end of the day the children went into the barn and found Halloween pumpkins. A special thanks to Ed for showing us around the camp.

A.A.R.P. Chapter #1681

The AARP held their meeting at Hartwick Pines on Monday, October 24th at 2:00 p.m. with 20 members present to enjoy a Pot Luck picnic.

Earl Westbrook gave a humorous reading "Beatitudes of Fishing", and Angela Kirkum read "The Brick"—good food for thought. There was also a walk to the Monarch Tree and Chapel in the Pines. A game of horse-shoes completed the activities of the day.

The next meeting will be held November 28th at the Senior Citizen Center.

Dorothy G. Howitt
Publicity Chairperson

Grieving & Widowhood

Dr. Dorothy Brooks, retired Professor and Administrator at Cornell University, will be holding a workshop on "Grieving and Widowhood". She has taught and lectured at MSU, U of M and Ferris State. She had conducted many seminars on widowhood. She will be here November 9th to put on a program for everyone who is interested. Any age is welcome.

The workshop will be held at the Senior Citizen Center from 9:30 to 11:30 a.m. and 1:00 to 3:00 p.m. The cost is \$2.00 each and this includes your lunch.

Sign up now to hear Dr. Brooks. You will really enjoy her presentation. Everyone is welcome, not only senior citizens. Mark your calendar to reserve Wednesday, November 9th for Dr. Brooks.

Halloween At Ausagra Acres

Everybody was there—Mammy Yokum (Ed McPherson, maintenance man) dancing with Little Red Riding Hood (Angela Kirkum).

The other picture shows Edna Feldhauser as the "Madam", Lillian Smith as "Carol Burnett", Angela Kirkum as "Little Red Riding Hood" and Wilma Krasenke as "The Pumpkin". These were the prize winners as the Dance Class Halloween Party.

All Senior Citizens in Crawford County are welcome and invited to participate in all programs at the Center. The Crawford County Commission on Aging sincerely hopes that there is not a lonely Senior Citizen in our County but realistically we know there must be—give us a call, please. We want to help. Money to give away—we have not, but love, friendship and fun—we have barrels. We love you all. Come in and join us for a good time. Lora Gould, Director

All registrations at the conference will be \$3.00 each or \$5.00 per husband/wife couple. The pastor and people of Calvary Baptist Church wish to publicly thank Dave and Judy Englund for all the work in setting up the conference.

Bits O' Talk

by Fay Bovee

Visitors at the Nels Olson home at Lake Margrethe were her sisters, Mrs. Jean Morris, of Oklahoma City, Okla., and Mrs. Marge Tull of Mercer, Wisc. They spent last week with Jan, Herb Olson who is a sophomore at Ferris State College, Big Rapids, spent the weekend with his parents.

Mr. and Mrs. George Hilton are beaming over the arrival of a great grandson, Robert James Une, born to Cathy and Jim Une of Minot, N. Dakota. Cathy is the daughter of Mr. and Mrs. Tom Hilton of Lansing. The new baby was born on Monday, October 24, and tipped the scales at 8 lb. 14 oz. Jim Une is with the Air Force at the ICBM base and expects to be discharged soon.

Mr. and Mrs. William Joseph have returned after spending a week in Hilton Head, S. Car., visiting Dr. and Mrs. B. E. Henig. The Josephs also spent some time visiting her brother and wife, Mr. and Mrs. Clair Huntington, in Charleston, S. Carolina.

Robert Jackson, son of Mr. and Mrs. Ken Jackson, visited his parents here for a week. Bob is at the University of California at Berkeley.

Mr. and Mrs. Russell Wright vacationed for two weeks in Tennessee where they spent part of the time with friends. On their return trip they also visited their son, Tom, in Ypsilanti and another son, Terry, in Grand Rapids. Roberta's mother, Mrs. Iva Turner, stayed with a granddaughter and her husband, Mr. and Mrs. Gary Garbarino, in Okemos, while the Wrights were away.

Arnold and Pearl Tucker had the surprise of their life when their children planned a 40th wedding anniversary celebration for them. They were visiting their son, Lee and his wife, Beth in Grand Ledge, on the ninth of October and when they arrived at the home of their daughter and her husband, Bruce and Janet Birkamp, about 35 long-time friends were waiting for them. Also attending was another daughter, Caroline Cox, of Lansing. The Tuckers' anniversary falls on October 16.

Simulated

informed of the disaster in order to make it as realistic as possible.

Within a few minutes the first police car had arrived and it was soon followed by a whole fleet of emergency vehicles which quickly responded to the call. All vehicles involved were ordered to proceed with normal traffic flows so that there would be no danger of accidents resulting from a speeding ambulance or patrol car heading to the disaster scene.

In all, about 100 people were involved in handling the emergency. This included the 51 students who were treated by a variety of emergency workers. Taylor said that all but one member of the complete Sheriff's Department responded to the call including all off-duty officers. The one man had personal business to attend to according to Sheriff Curt Haas and he was excused. All city police officers on duty turned out to control traffic. All of the volunteer firemen for the county responded to the call except two, said Taylor. A total of 5 ambulances were at the scene including two from the Sheriff's Department, one from the Camp Grayling National Guard Bases with two attendants and four other personnel to assist in the operation, one from the Fredrick Fire Department and one from Northern Ambulance Service from Grayling. Three fire trucks were at the accident.

The rescue teams moved through all vehicles and assessed the injuries. The radioactive box was checked with a Geiger Counter to insure there was no danger from that. The most serious injuries were quickly handled and soon were being transported to Grayling Mercy Hospital. Students convincingly acted out their roles and many even played the symptoms of their wounds. Plastic bags concealed beneath wounds even pumped "blood" from severed arteries and gaping wounds.

The accident scene was only half of the mock disaster since all the victims still required treatment. As each ambulance proceeded to the hospital it was swiftly moved through Grayling by city police which set up roadblocks at major intersections. As each ambulance arrived they stopped traffic as the ambulances passed. At the hospital workers directed the traffic and allowed in only authorized vehicles to keep back the curious bystanders. A special reception office was set up which handled all spectators

and visitors. The disaster is designed to evaluate the response of the hospital as well as the police and fire departments involved.

As each ambulance pulled up to the emergency entrance, hospital personnel unloaded the victims which were taken inside. Each victim was examined and was guided either to emergency operating rooms for serious injuries and to other areas where minor wounds were being treated.

As the treatment began, the students were even taken for X-rays or whatever treatment was called for in the diagnosis of their individual cases. Soon the cafeteria of the hospital was emptied of tables and turned into an emergency room as well. After the victims had been all treated, a temporary morgue was set up in the hospital garage to handle the large number of dead persons, which were being transported from the scene of the crash.

Following the disaster Taylor said he was impressed with the way the situation had been handled and praised all of the units involved. He said the exercise was only the beginning of the training of the many departments for the rest of the year. "People have asked why we have to have such an exercise especially after we just went through the windstorm disaster here a couple of months ago. The answer to that is simply this: To begin with there were no injuries in the storm and more important is the fact that during a real disaster no one has time to do any evaluation of how their people act in an emergency. In this exercise the police, hospital and fire department heads can stand back and watch how their people handle their responsibilities. This gives them valuable insights on the weaknesses and strengths of their personnel. During the next year they can conduct their training to help strengthen any of those areas."

Sheriff Haas said he was very pleased with the performance of his men and especially, pleased with the response of the men who were off duty but turned out for the emergency. Haas said he was also very impressed with the response from Camp Grayling. "The co-operation we get from those people is terrific," he said. "I'm sure that in an actual emergency we would have anything we needed in order to handle the problems. In an actual disaster I'm sure Colonel Rutkowski could send us anything we needed, including a helicopter," Haas said. The only thing he would have liked

to have seen was a chance for the rescue teams to use all of their emergency equipment. The special tools and machines could not be used by the ambulance squads and rescue teams. The reason for this is that if a real accident had happened during the exercise there would have been no gear to fall back on, since there is no extra equipment available.

Taylor said he has a lot of respect for the professional manner in which the hospital responded. He said besides turning the exercise into an excellent training period for the staff at the hospital it was a good learning experience for the students. "Many of them have never been in the hospital, let alone been carried in on a stretcher and gone through the emergency and x-ray departments. It gave them a real learning experience as students," he said.

Duane Nimke, speaking on behalf of the hospital administration, said that their critique of the operation has been completed and said, "We think the personnel did an excellent job in handling their duties and job functions. We are very pleased not only with the staff and their part but also the cooperation of all of the agencies involved." He also said the exercise was excellent training in spotting the strengths and problem areas that needed extra work by the staff. "It is a good thing we can have these simulated exercises so that we can get this valuable practice. It just makes us that much more prepared for a real emergency if it should ever come up."

BRIDAL SHOWERS

During the month of October Miss Lori Knowles was honored at two bridal showers. On the 11th Mrs. Roy Wedge opened her home to 17 ladies for a miscellaneous shower for Lori. The tea sandwiches and fruit salad were served. Several games were played with JoAnn Olson, Sharon Spencer and Carol Money receiving prizes.

On the 28th Mrs. Terry Baker gave a miscellaneous shower for Lori in her home. Mrs. Betty Reinhardt, Mrs. Betty Knowles and Lori received prizes for the games played. Mrs. Baker served a cake she had baked and decorated herself along with punch, tea and coffee. Many lovely gifts were received at both showers. Lori and Demi Martin of St. Clair Shores will be married on December 17th at the Michigan Memorial United Methodist Church.

Board Member John Naour, with a great deal of gusto and help from his lovely wife, Norma, awarded dozens of gifts donated by area merchants, including a "Wheelbarrow of Cheer," won by a lucky Fredrick resident.

The banquet was termed a resounding success by Chamber Manager Nowak, who noted the significant increase in attendance over last year. For those who were game, the evening concluded with dancing to the music of the Crested Vision Orchestra.

Duffy - Millikin Exchange Vows

On Saturday, September 24th, at St. Mary's Catholic Church, Rita Duffy and Richard Millikin exchanged marriage vows. Deacon Dan Bonner officiated at the double ring ceremony. Rita is the daughter of John Duffy of Bay City and the late Bertha (Connie) Duffy. The groom's parents are Mr. and Mrs. William J. Millikin of Grayling. Musical selections were presented by Kevin Korokus and Lorna Morse, vocalists, and Bridget Hoffman, organist. The selections were "Bridal March", "Wedding Song", and "We've Only Just Begun".

Floral decorations consisted of silver vases holding a basket of pastel colored daisy mums. About 200 guests were in attendance. The bride, who was given in marriage by her father, wore a floor length dress with full tiered skirt, high neckline and long lace sleeves. A crown headpiece with seed pearls and lace trim held her mantilla style veil of bridal illusion and she carried a bouquet of assorted pastel flowers set on a white satin pillow trimmed with lace. Cathy Langley of Bay City, sister of the bride, was the matron of honor. Bridesmaids were Sherry Duffy, sister of the bride, from Flint; Sherry Millikin and Patty Millikin of Grayling, sisters of the groom; Mary Knapp of Grayling, friend of the bride; and Susie Faustman of Grayling, sister-in-law of the bride. Flower girl was Melissa Atherthon of Flint, niece of the bride.

The maid of honor and bridesmaids wore full length gowns of satin, sleeveless with v-necks. They wore blue print, blue solid, pink print, pink solid, blue print and blue solid, respectively. The flower girl wore a pink long-sleeved gown with lace trim. Norm Smock served the

groom, as best man. Groomsman were Bill Millikin and Mark Millikin, brothers of the groom; Dave Millikin, uncle of the groom; Jim Shirkey and Steve Walker, cousins of the groom. Ushers were Ron Hall and Don Schiehuber.

A reception was held at the Bear Lake Township Hall. The pink and blue color theme was carried out with streamers and balloons.

Following a honeymoon to Schuss Mountain and other places in Northern Michigan, the newlyweds returned to make their home in Grayling.

For her step-daughter's wedding, Mrs. Duffy wore a white long gown with multi color stripe trim and a matching scarf. Mrs. Millikin chose a long dress of coral chiffon with a white front panel for the marriage of her son.

The bride attended Bay City All Saints High School and Grayling High School. The groom attended Grayling High School.

New Book Fair

The Roscommon Area Branch of the American Association of University Women will sponsor a New Book Fair on November 7, 8 and 9 at the conference room in the Houghton Lake Public Library. Hours of the sale are from 9 to 4 each day and from 7 to 9 on Monday and Wednesday evenings.

The books are on consignment from the Horizon Book Store in Traverse City and will feature all types of books including a large variety of children's books, hobby and craft books, and something for everyone's literary taste.

The public is most cordially invited to attend this book fair. There will be a fine selection of items for Christmas gifts.

District Court

The following appeared before Judge Francis L. Walsh in the 83rd District Court last week.

George L. Stephenson, 25, of Grayling, waived preliminary examination on charges of breaking and entering an unoccupied dwelling and entering a coin device with intent to commit larceny. Bond was set at \$35,000.

John R. Ockerman, 17, of Owosso, was arrested by the City Police. The defendant was charged with larceny from an auto and demanded preliminary examination. Personal Bond was set at \$1,000.

Harold Duane Helsel, 18, of Grayling, pled guilty to a charge of simple larceny. Helsel was sentenced to pay a fine of \$85 or 10 days in jail and 6 months probation. The City Police made the arrest.

Maxine A. Beattie, 53, of Grayling, pled guilty to a charge of larceny under \$100. The defendant was sentenced to 6 months on probation. The arrest was made by the City Police.

Richard L. Toseburgh, 31, of West Branch, was arrested and pled guilty to a disorderly person charge. Roseburgh was sentenced to pay a fine of \$65.00 or 7 days in jail. The Sheriff's Dept. made the arrest.

To Present Musical At Kirtland

It's musical comedy time again at Kirtland Community College near Roscommon. This year's musical is the rollicking hit, *Once Upon A Mattress*, which was Carol Burnett's first starring role on Broadway (1959). The show features a mope-swimming princess (Ann Waxell), a talkative queen (Patty Allen), a lovable, mute king (Ray Charette), a mothered prince (Clay Horton), two expecting lovers (Jim Karpicke and Diana Lyne Johnson), a treasury-ripping minister (Mike Hess), an up-and-coming jester (Ed Seaberg), a has-been wizard (Rick French), and several wish-to-be-married knights and ladies of the court (Bob Beresford, Chip Bodkin, Don Baase, Esther Phetteplace, Jean Karpicke, and Michele Gallop).

Billed as one of the funniest musical comedies around, *Once Upon A Mattress* (the true story of The Princess and the Pea) runs November 10, 11, and 12 at 8 p.m. with a special matinee performance for senior citizens, handicapped persons, and students on Thursday, November 10 at 12:30 p.m. For further information about tickets, call (517) 275-5121 ext. 258.

Kirtland Audubon Meeting

The Kirtland Audubon Society will meet on Thursday, November 3, at 7:30 p.m. at Kirtland Community College in the Senior Citizens Room.

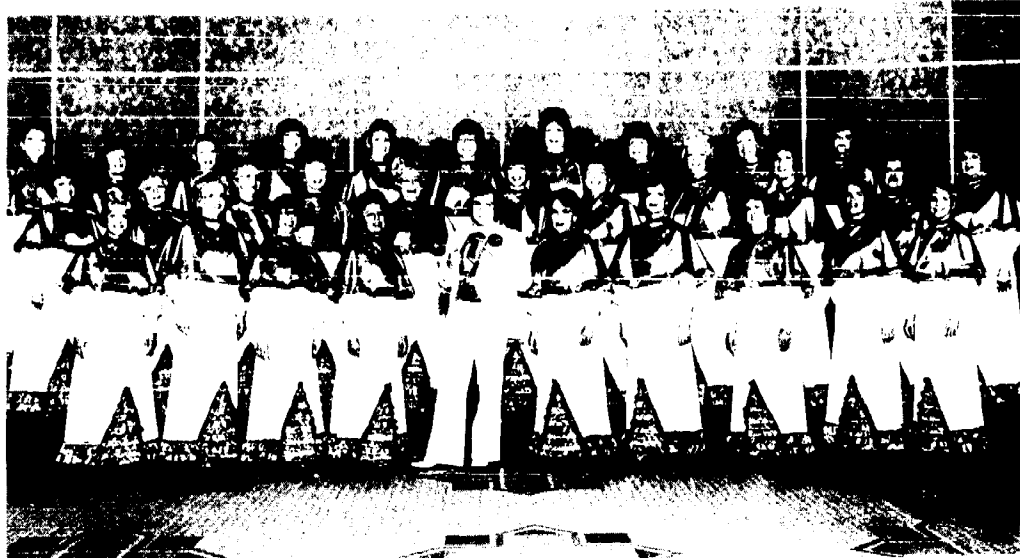

Our speaker for the evening will be Dr. Lawrence Walkinshaw who will be speaking on "Cranes of North America."

Dr. Walkinshaw was born on a farm near Battle Creek early in this century. His interest in natural history, especially birds, was developed very early. After graduation from the Dental School of the University of Michigan, Dr. Walkinshaw practiced in Battle Creek until his retirement, when he moved to Muskegon, his present home. In 1949, the Cranbrook Institute of Science published "The Sandhill Cranes" by Dr. Walkinshaw, which was soon followed by "The Cranes of the World." Dr. Walkinshaw made many trips to the various continents where the birds were located.

The outstanding service of the Doctor in the effort to preserve the Kirtland's Warbler has taken his summers in recent years, and has brought him to our area for extensive studies. At the present time, he is the foremost authority on this scarce species.

All members of the community are invited to this meeting to hear Dr. Walkinshaw speak.
